# PRODUCT HIGHLIGHTS

## Premium Speakers

A speaker bar delivers sound right to the other end of the room. When coupled with the highly acclaimed audio processing technology incorporated in the FEP-4K-PRO, it results in a workflow that enables seamless and smooth conversations amongst all participants involved.

## Advanced AI Tracking Capability

The system comes with a built-in intelligent analysis algorithm, which can track the speaker's voice in real time. This enables the speaker to stay in the frame and always remain at the center of the screen. This will result in an immersive feeling, as if the participants are right there in the room, talking to each other.

## Precision AI-Powered Auto Framing and Face Tracking

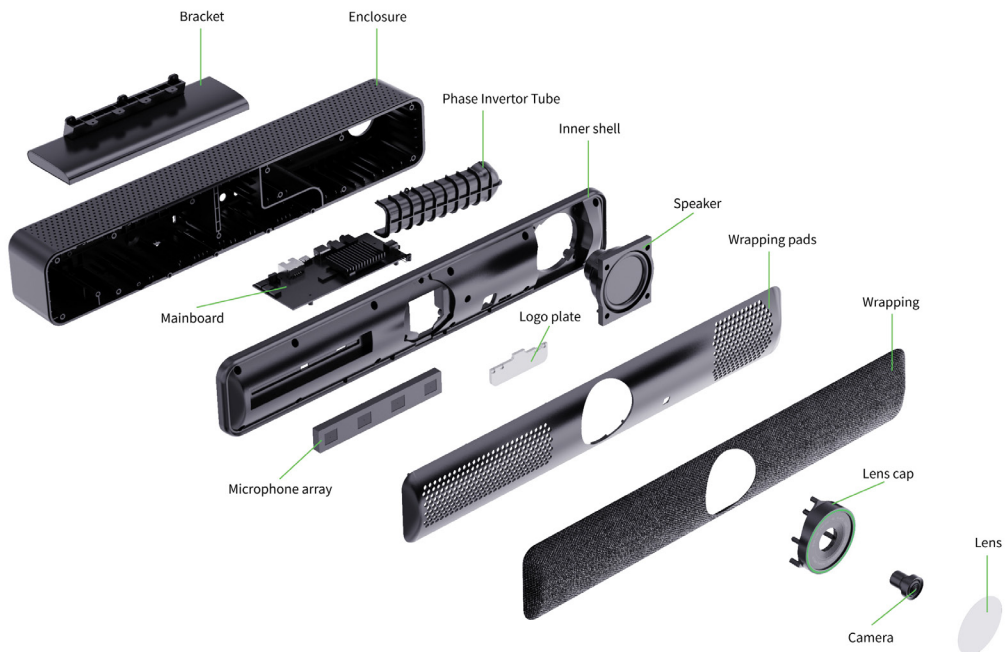

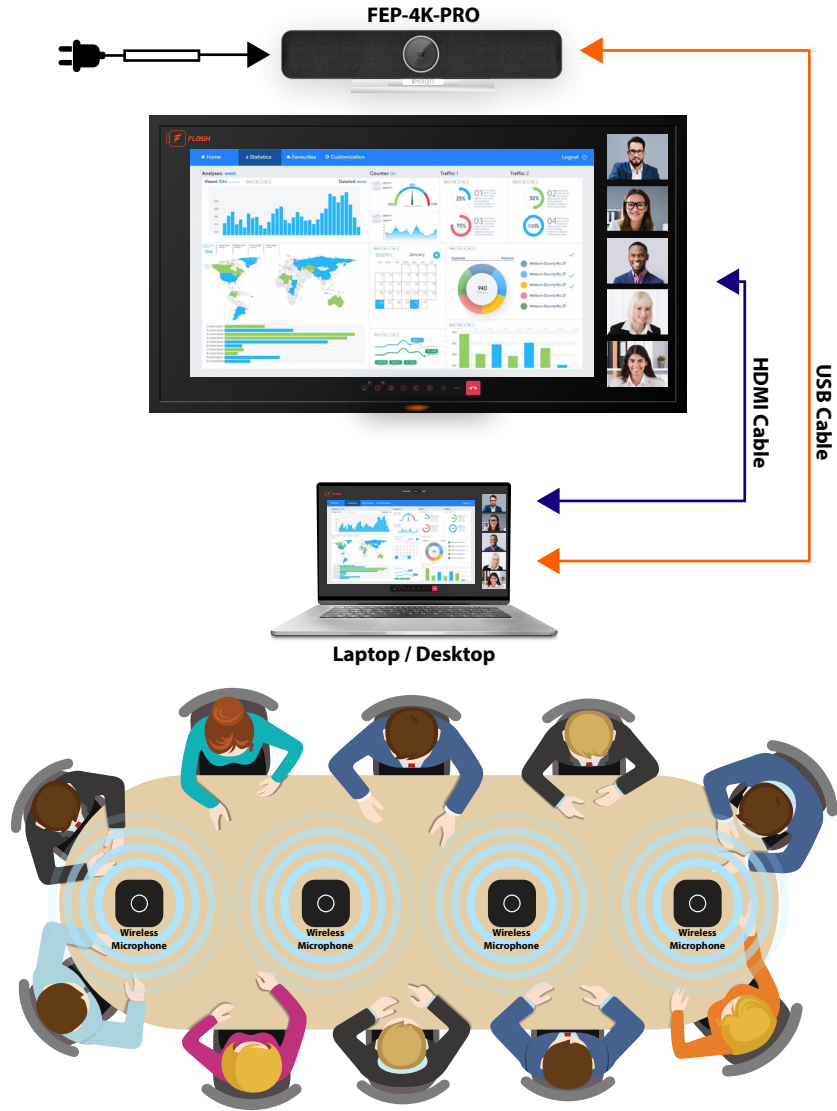

This new AI intelligent zoom and tracking feature enables the camera to zoom in and out automatically, as well as pan. The end goal is to focus on the subject of your shot and keep him or her in the center of the frame.

## Expansive 10-Meter Pickup Radius

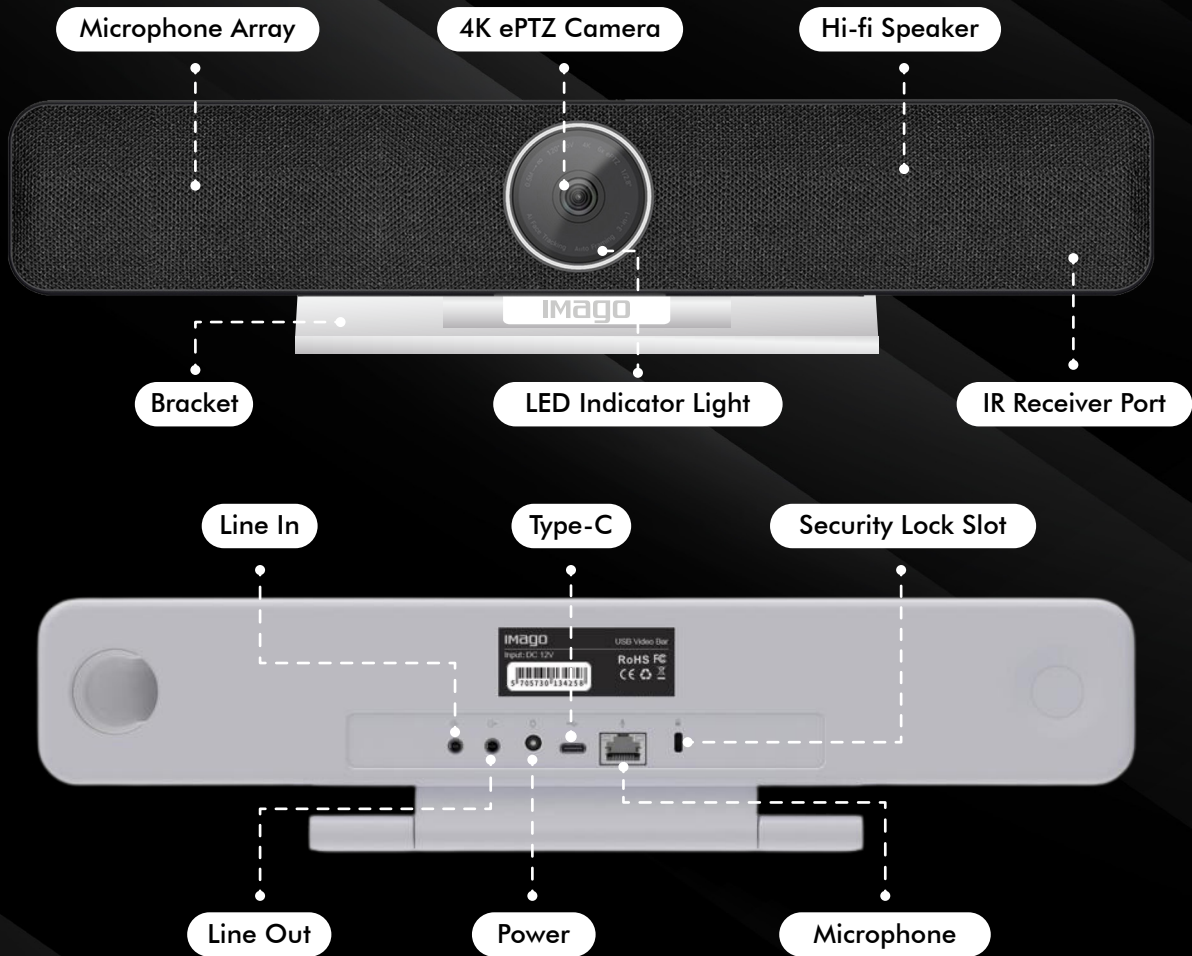

The FEP-4K-PRO has 4 pickup microphones and 4 wireless microphones built into the system. They enable a voice pick-up range of up to 10 meters. Video calls will be clear and smooth, without the need to install external or additional microphones.

# PRODUCT DETAILS

## TECHNICAL SPECIFICATIONS

### Camera

4K High Definition Camera  
View angle: 116°  
Camera resolution: 4k 30fps, 1080P 30fps, 720P 30fps  
With automatic face recognition function

### Microphone Array

Built-in 4 Microphones (2.4GHz)  
Voice pick up range up to 5 meters  
Acoustic echo cancellation  
Automatic noise suppression  
Amplifier (Optional)

### DSP AUDIO

AEC technology  
AGC (Automatic gain control)  
Noise Reduction

### Speaker

Hi-fi Speaker (Amplifier power : 20W)

### Physical Interface

1 x Type-C port  
1 x Power interface  
1 x RJ45 for Extension Microphone  
1 x Security lock slot  
1 x Line in  
1 x Line out

### What's In The Box

1 x FEP-4K-PRO  
1 x Camera Remote Control  
1 x AC Adapter  
1 x 5 Meters USB Cable  
4 x Wireless Microphone  
1 x Charging pile  
1 x Quick Installation Guide

### Product Size

400mm X 92mm X 75mm
